SPRING NEWSLETTER 2025

As we prepare for the start of the season, we're excited to share the latest news from Polymarine. There's been a lot going on here at Polymarine HQ since the start of the new year, from industry events, new products and compliance updates.

Here is a little bit of Poylmarine news we would like to share with you :

We're delighted to announce the launch of several new products - Stay tuned for more this year as we continue to work on expanding the Polymarine range. So far, we have had a great response to all our new products and are excited to see how they succeed in the market in all the different countries we service.

PROUD MEMBER OF BRITISH MARINE

BASA
BRITISH ADHESIVES & SEALANTS ASSOCIATION

QMS ISO 9001 REGISTERED FIRM

Polymarine has re-established its membership with The British Marine Association, reaffirming our commitment to the marine industry. You may not know, but Polymarine is now a member of BASA (British Adhesives & Sealants Association) and is ISO9001 accredited.

Some of the team attended the Packaging Innovations Exhibition at the NEC Birmingham, exploring innovative packaging styles and recyclable packaging options. Polymarine continues to strengthen the brand by enhancing its packaging with new Polymarine branded tape now displayed on all outer packaging boxes.

Department for Business & Trade

A number of the team attended an 'International Trade' course by The Department for Business & Trade, further strengthening our global knowledge of selling internationally. The training provided deeper insights into export regulations & market expansion strategies. Our team found it very insightful and incredibly valuable for them to serve the global marine community and industries better.

As the season approaches, our warehouse and production team are hard at work ensuring we're fully stocked and prepared for the months ahead. Thank you for your continued support. We look forward to a great season together!
