AUTUMN NEWSLETTER 2025

As we approach the Autumn and Winter season, the Polymarine team is in full swing preparing for the upcoming METSTRADE exhibition in Amsterdam!

We are thrilled to announce that Polymarine are exhibiting this year. This is the perfect opportunity for us to strengthen relationships, showcase new products and show off our latest developments. If you'd like to connect with us, you can find us at '**British Pavilion, Hall 3, Stand 03.220**'. We are hoping for a good show and looking forward to seeing you all.

Polymarine is always looking to improve its manufacturing technology, and so some of our team attended a workshop on **'Harnessing AI for Business.'** They found the program provided valuable, practical insights, with great potential for us to integrate certain AI aspects into our operations to serve you better.

We recently loved seeing images shared by a customer who successfully used our PVC Letterflex Paint to apply Identification Numbers to their RIB boat. This perfectly demonstrates the paint's excellent suitability for painting letters, numbers and characters on inflatable boats!

Next year, we will be celebrating 50 years of Polymarine! Watch this space for the celebrations.

Thank you again for your continued support. We look forward to seeing you at METSTRADE!
